

## Oh My God

Sparks

At last, the Pacific Ocean. How far does the territory of Hollywood  
extend? Anyway, I think I'm safe for now. But I need to escape this  
man-made Hell and return to my home. I need a savior.

Oh, my God  
Do you exist  
Oh, my God  
Do you exist  
Do you exist, do you exist, do you exist, do you exist

Oh, my God  
Prove you exist  
Oh, my God  
If you exist  
If you exist, prove you exist, show you exist, if you exist

Send an angel down to lead  
Lead me from this barren land  
How the Hell can I believe  
If you withhold your guiding hand

Oh, my God  
Do you exist  
Oh, my God  
Do you exist  
Do you exist, do you exist, do you exist, do you exist

Oh, my God  
Prove you exist  
Oh, my God  
If you exist  
If you exist, prove you exist, show you exist, if you exist

Oh, my God  
Do you exist  
Oh, my God  
Do you exist

Send an angel down to lead  
Lead me from this barren land  
How the Hell can I believe  
If you withhold your guiding hand
