

# Stepping Back In Time

Sparks

Stepping back in time  
I pull Ann aside  
I'm so proud of you  
I'm so proud of you  
Stepping back in time  
I pull Ann aside  
I'm so happy for you  
I'm so happy for you  
I'd say Ann what gives me the most joy  
Is to watch you, I'm a small boy

Wide eyed in my awe  
At your silken voice  
I admire you  
Never tire of you (Never get tired of you)

Teary-eyed she'd say  
She's ashamed to see (I'm ashamed to see)  
That we both can't be (That we both can't be)  
Where we are to be (Where we are to be)

Crying you will say  
It's so sad you see  
That we both can't be  
Who we are to be

Stepping back in time  
I could step aside  
Not allow my rage  
To be magnified

To a dangerous point  
Where a rash act  
What an impact  
I can't grant back

There's no more time (There's no more time)  
Oh what a shame (Oh what a shame)  
That we both can't be (That we both can't be)  
Were we ought to be (Were we ought to be)

There's no more time (There's no more time)  
So sad to see (So sad to see)  
That we both can't be (That we both can't be)  
Who we ought to be (Who we ought to be)
