

The Girl Is Crying In Her Latte

Sparks

Is it due to the rain
Or is she in some pain?
She looks physically fine
Guess it's something benign

The girl is crying in her latte, yeah
The girl is crying in her latte, sad
The girl is crying in her latte, wow
The girl is crying in her latte, bad

Now she's leaving the place
Someone's taking her place
Orders, then takes a seat
Looks like it's a repeat

The girl is crying in her latte, yeah
The girl is crying in her latte, sad
The girl is crying in her latte, wow
The girl is crying in her latte, bad

So many people are crying in their latte
So many people are crying in their latte
So many people are crying in their latte (So many people)
So many people are crying in their latte (So many people)

The girl is crying in her latte, yeah
The girl is crying in her latte, sad
The girl is crying in her latte, wow
The girl is crying in her latte, bad

Every day was the same (So many people)
Tried to figure their game (So many people)
They all ordered the same (So many people)
Guess the world is to blame (So many people)

The girl is crying in her latte, yeah
The girl is crying in her latte, sad
The girl is crying in her latte, wow
The girl is crying in her latte, bad

So many people are crying in their latte
So many people are crying in their latte
So many people are crying in their latte (So many people)
So many people are crying in their latte (So many people)

The girl is crying in her latte, yeah
The girl is crying in her latte, sad
The girl is crying in her latte, wow
The girl is crying in her latte, bad
