

Empty Houses

Sparta

She said fuck it
Not today
And just a little more
To throw away

We keep empty houses
For secret friends
We burn down empty houses
With unlit cigarettes

Echoes of voices
Lost in walls
And we're on cloud nine
Standing tall

We keep empty houses
For secret friends
And burn down empty houses
With unlit cigarettes

And I said...
Fuck it!

We keep empty houses
For secret friends
We burn down empty houses
With unlit cigarettes
