

Graveyard Luck

Sparta

You said it doesn't matter where I'm gonna lay my head
You said it doesn't matter if I'm alive or dead
'Cause it comes and it goes
Yeah it comes and it goes

Take a breath and get it right
Got graveyard luck but I'm still gonna fight
Take a stand, head up high
Got graveyard luck but I'm still alive

My head knows best but my heart will lie
I'm on my knees hands tied but I'm not surprised
'Cause it comes and it goes
Yeah it comes and it goes

Take a breath and get it right
Got graveyard luck but I'm still gonna fight
Take a stand, head up high
Got graveyard luck but I'm still alive
