

Mind over Matter

Sparta

Anybody can do anything
Everything's a possibility
It's just a matter of mind
Mind over matter

Holding back is holding out on you
Distant vision will prove it's true
It's just a matter of mind
Mind over matter

All you hearts, all you souls
All the hope that love grows
All you hearts, all you souls
All the hope that love grows

The time it takes you to apologize
Is nothing near the cost of all the lies
It's just a matter of mind
Mind over matter

You'll see the safety of a brand new start
Beats the loneliness that's in the dark
It's just a matter of mind
Mind over matter

All you hearts, all you souls
All the hope that love grows
All you hearts, all you souls
All the hope that love grows
