

Miracle

Sparta

How long can we keep this up
And how far will you go
When will you lose the trust
How will I know

There's a line we shouldn't cross
Letting go and getting lost
There's a line we shouldn't cross
Letting go and getting lost

Missed chances and new regrets
Failed on our own
We'll carry on more or less
A life in separate homes

There's a line we shouldn't cross
Letting go and getting lost
There's a line we shouldn't cross
Letting go and getting lost

You asked me wait
You asked me wait
You asked me wait
Sometimes miracles come late

How long can we keep this up
And how far will you go

There's a line we shouldn't cross
Letting go and getting lost
There's a line we shouldn't cross
Letting go and getting lost

You asked me wait
You asked me wait
You asked me wait
Sometimes miracles come late
