

# Turquoise Dream

Sparta

I'm just a little lost love  
But with time, I'll find my way back home  
When the lights have all gone out  
I'll send a sign, you're not alone

And we're in a dream  
And all we knew has never been  
A turquoise dream  
And born again at seventeen

I never stopped this beating heart  
But sometimes I forget it's here  
And do you ever wander by  
And keep tight what we held dear?

And we're in a dream  
Where all we knew has never been  
A turquoise dream  
Born again at seventeen

This is my home  
And this is my space  
Another time  
Another place

And this is my home  
And this is my space  
Another time  
Another place

And this is my home  
And this is my place  
Another time

We're in a dream  
And all we knew has never been  
A turquoise dream  
Born again at seventeen
