

Demon Seed

Sparzanza

See myself as the healer
Here I am, bigger and meaner
Dressed up in steel
I'm a mean machine
Staring out through my window
Kickdown - high to low
C'mon feel the speed
Of my demon seed
Oh yeah
Bringing death as the reaper
Shallow graves becoming deeper
I am your faith
I'm your evil date
Coming up close behind you
Here I am, right beside you
The glow in my eyes
Red coloured skies
Oh yeah
COMING UP, KICKING DOWN
AS THE MIDNIGHT SUN
I AM THE DEMON SEED
COMING IN, I'M THE ONE
NO USE TO RUN
I AM THE DEMON SEED
Feel her body becoming stiffer
Head to toe, you'd like to sniff her
Carved up in blood
You've understood
Sitting tight on your shoulder
Brings a smile when body's moulder
I am the one
Laughs when you're gone
Oh yeah
Lying down in my bed of lies
Staring at my cup of flies
This is the way
Hear what I say
Running down to my father
And to run is no bother
He's my place in hell
My wishing well
Oh yeah
