

## Into The Sewers

Sparzanza

It is so easy to be blind  
When there's something you want to find  
But it can be so fucking hard  
When she's coming from behind  
She is below the burning sun  
She's the one with the golden gun  
The one beyond your darkest dreams  
Isn't always who it seems  
You better hide  
Run for cover  
Right from the source  
They are the others

THERE'S NOTHING LEFT TO LOSE, SO YOU BETTER GET OUT NOW  
THERE'S NOTHING LEFT TO FIND, SO YOU BETTER FIND OUT HOW  
TO GET OUT, TO GET OUT, TO GET DOWN, DOWN, DOWN  
INTO THE SEWERS

It is so easy to fall down  
It's getting harder to crawl out  
But if she's taking your throne and wears your crown  
You better know what it's all about  
She is below the burning sun  
She's the one with the golden gun  
The one beyond your darkest dreams  
Isn't always who it seems  
You better hide  
Run for cover  
Right from the source  
They are the others
