Speaker Knockerz

Who you think you playing?
Please stopping telling all these lies?
You can't fool these eyes
Fucking around with all this guys

Girl I'm just saying
I let you count all my dor
I aren't worried bout no hoe
Niggas mad cause they broke
And I be balling [swish]

You can get whatever you like
I swear I aren't even trying to fight
Blocking hoes left and right
But they keep calling

Girl you know bad
I hate to see you so sad
Let you ride black on black
Because its nothing

Switching lanes like I change clothes
You flexing on this lame hoes
I guess that how the games goes
We stunting [peep peep]

You know you want this dick stop fronting
Give me the call I'm coming
Sneak in your house like Brah man

I really need somebody
So tell me you that somebody
I don't really trust nobody
Girl I gotta watch my back
Because I'm not just anybody
