

Make Me Feel So Good

Speaker Knockerz

Run it, run it

You make me feel soo goood
The way you doin it
The way you doin it
The make me feel soo goood
The way you doin it
The way you doin it

Eh, baby come here
You ain't seasonal I want all year
Do you model you start a career
Girl you bad and your swag is severe
Yeah, to this beat we groove on
Add up some? but baby can't we move on
Haters be proved wrong, put your shoes on
You the baddest so for you I spend a few on
Oops I mean alot we ballin watch me take a shot
I hotter than a lightbulb
They play my song and you was dancin in the nightclub
You gave me a slight shove, you coulda been nicer
But I'm glad that we met, I hope our memories don't reset
Eh and you keep it real hood, girl you make me feel goood

You make me feel soo goood
The way you doin it
The way you doin it
The make me feel soo goood
The way you doin it
The way you doin it

Make me feel so good how do you do it, tell me how you do it
Tight white pants on girl I can see right thru it see right thru it

Make me feel so good how do you do it, tell me how you do it
Tight white pants on girl I can see right thru it see right thru it

And I'm feelin you, I hope you feeling me
Forget that, I know you feelin me
You the only chick, that kept it real with me
I know at times it was hard for you to deal with me
I owned up to my mistakes that I made with you
I'm byself for the night can I stay with you?
Eh, and you keep it real hood, girl you make me feel good

You make me feel soo goood
The way you doin it
The way you doin it
The make me feel soo goood
The way you doin it
The way you doin it

You make me feel soo goood
The way you doin it
The way you doin it
The make me feel soo goood
The way you doin it

The way you doin it
