

# You Got It

Speaker Knockerz

I ain't worried about no other hoes  
We never got to keep shit on the low  
Cause baby you got it  
I been in these streets gettin' dough  
I promise you ain't gotta work no more  
Cause baby you got it  
All I ask for you to stay true  
These hoes, they ain't got nothing on you  
Cause baby you got it  
And you know we stay fly  
You can be my ride or die  
Cause baby you got it

Started from the bottom now we here  
Got a bad bitch, long hair  
We be flexin' on these hoes  
Got me hypnotized by the way you make your body roll  
Girl you in control  
I got your back you got mine that's for sure  
And baby you got it

I ain't worried about no other hoes  
We never got to keep shit on the low  
Cause baby you got it  
I been in these streets gettin' dough  
I promise you ain't gotta work no more  
Cause baby you got it  
All I ask for you to stay true  
These hoes, they ain't got nothin' on you  
Cause baby you got it  
And you know we stay fly  
You can be my ride or die  
Cause baby you got it

I got all these racks on me  
I can put you in a condo by the beach  
Girl you such a freak  
Just don't get it on my sheets  
Goin' hard from Friday to Friday  
-Turn up-  
Doin' a hundred on the highway  
-Skirt-  
I got my girl beside me  
-She bad-  
Whateva you what you got it  
-Let's go-

I ain't worried about no other hoes  
We never got to keep shit on the low  
Cause baby you got it  
I been in these streets gettin' dough  
I promise you ain't gotta work no more  
Cause baby you got it  
All I ask for you to stay true  
These hoes, they ain't got nothin' on you  
Cause baby you got it  
And you know we stay fly

You can be my ride or die  
Cause baby you got it

I ain't worried about no other hoes  
We never got to keep shit on the low  
Cause baby you got it  
I been in these streets gettin' dough  
I promise you ain't gotta work no more
