

ALL MY ANGELS

Speed

All my angels, I'm taking it tough
Will I make it through this nightmare?
All my angels, I can't give up

The burning question tugging on my soul is
When a life gets taken, where do my hopes and dreams all go?
No more dirt to dig amongst these holes
My heart keeps breaking, but I won't let go
All my angels, irreplaceable

Burn all my hopes and dreams
Life ain't no fantasy

No romance, no mystique
No romance, no mystique
Life ain't no fantasy

The burning question tugging on my soul is
When a life gets taken, where does it all go?
No more dirt to dig amongst these holes
My heart keeps breaking, but I won't let go

All my angels, I'm taking it tough
Will I make it through this nightmare?
All my angels, I can't give up

All my angels
All my angels, I can't give up
