

## Another Toy

Speed

You can rot in that shell  
Toxic chauvinists, yea, know them well  
Another toy bites the dust  
Caustic in the brain, yea, they know no shame

Big boys speed through  
You dumb fuckers keep standing still, you got  
All stunt, no moves  
We know a fake with one look at you, c'mon  
It's your voice to use

Yea, I'm all facts and fury  
You're just a fool on the suck  
Yea, these words hold meaning  
It's bred a culture of gronks

Another toy thinks they know my name  
We ain't built the same

Quit whining like you know the deal  
You dumb fucks keep talking still, you have  
No fury, with no cause  
Just two sides where there's no love lost
