DON'T NEED

Speed don't need

When you show love, you get love back
No games, no guessing, just cold hard facts
I'd give it all away
I'd give it all 'cause sacrifice made me this way

Don't need no stories
Don't need no games
Me and mine
Don't need your ways
Don't need pretending
I just can't relate
You and I
We ain't the same

Your mouth is running but I hear no sounds
I just stick by the ones who stuck around
I'd give it all away
I'd give it all, what's real to me is your fantasy

Don't need no stories
Don't need no games
Me and mine
Don't need your ways
Don't need pretending
I just can't relate
Me and mine (Me and mine)
You and I
We ain't the same

You keep runnin' and runnin' that mouth
Don't waste your breath on me (Don't waste your breath on me)
You're just playin' me playin' me now, I don't need
I know my team, one word: s-p-e-e-d
Speed

I don't need

If you do not have style, if you just say "Well, here, here I a
m"
You know, as, as a human being. How can I express myself?
