

KILL CAP

Speed

I feel it in my bones, in my home, in my soul
Everywhere you've left holes
I feel it when I lie on the pillow, all alone with both eyes closed
It's like I'm living a lie, and I can't get through
When you left so soon, you took more than you

Heart ache, right through me (Right through me)
Confess, consume me (Consume me)
Heart ache, right through me (Right through me)
Break through, break through me

Heart aches with the who, what, where, why?
In my mind, understand that
What was going through your mind at the time?
What's the kill cap?

It's like I'm living a lie
Don't tell me what to do
I just miss you

Heart ache, right through me (Right through me)
Confess, consume me (Consume me)
Heart ache, right through me (Right through me)
Break through, break through me

What's the kill cap? What's the kill cap now?
Who's that demon in your mind that made you follow through?
They ripped a world from me, took so much more than you
They'll try to smother your light, cast a spell on your name
Please just rest easy knowing, I'm protecting your flame

Say, to me, a motion picture is motion
I mean, I mean, you've got to keep the dialogue down to a minimum
