

## Casper (1995)

Speedy Ortiz

Hunting a demon I seen  
Fishing out hoof hair behind a screen  
Hunted by a dusty cipher,  
Magnetism, my lone rifle

And the sicko police  
Gave me perfect marks at the sycophantic academy  
Pay to pray, I still got plasma coming through

Bang and bang and shoot's  
What they trained me to do  
Windows sweating blood,  
Choking in on cue  
Bang and bang and shoot  
How I wanted you like a ghost wants revenge on the living

This is how the pros do it, right?  
Wedding chapel exorcism under a dim lamp light  
Kids keep trading specter stories  
Just to get each other horny

Inside their marrow, intense  
Hiding from the witch, I'm stalking through the dark forest  
Pay to pray, I still got plasma coming through

Bang and bang and shoot's  
What they trained me to do  
Windows sweating blood,  
Choking in on cue  
Bang and bang and shoot  
How I wanted you like a ghost wants revenge on the living
