

## Gary

Speedy Ortiz

I have seen the art of my stupid counterpart  
The proportions wrong  
Every line unsure, the erased marks like a sore thumb swelling  
and cumbersome  
Still the prints get made though I really wanna say  
That I've gotta beat  
I never speak

When a play date ends, do you call your other friends or do you  
go home  
Do you lock your door  
Do you lay down on your carpet  
Counting friends till you get to one

Once you've sat with kids, it's so hard to leave their table  
For the kids full grown, and my I've grown some very big teeth  
They're not even full grown  
They're not even full

Once you've sat with kids, it's so hard to leave their table  
For the kids full grown, and my I've grown some very big teeth
