

## Ginger

Speedy Ortiz

Everybody's getting wasted  
I just pick my teeth, lurking  
In the shadows of the party lights  
Order in the court of offers  
Playing plebes just like a bad cop with a bribe

I wanna fold up and fall inside  
The interstitials of killing time  
Wasted, wasted like you  
Everybody's getting spewy  
I'm messed up on moons  
Acting like a lunatic who needs a tide  
Sinewed something awful  
Told me, "you can't swim if you can't dive

Oh, ginger!  
So should I grow up and stem the tide?  
I wanna cannonball and kill your time  
Wasted, wasted, wasted like you  
Wasted, wasted like you
