Baby my baby my baby  
I'll bring you to term  
Whose baby? My baby  
Baby, will I ever learn  
You wanna love, wanna hate  
Want me up want me down  
Gave up my baby for more babies  
See you around

'Cause now I got a boy in a hardcore band  
I got a boy gets it on to can  
Then there's the boy sings those sad songs I like  
I got too many boyfriends to see you tonight

Blood-shaking, clot-making viper that feeds on a mouse  
Poaching the eggs of the snakes that I slayed in the south  
Over and under and sideways  
I'm great at ka-prow  
Gave up my baby for more babies  
See you around
