

# Goblins' Song

Spellblast

Hey lai la hey, lai la hey, lai la eh...

Well-hidden in this woods,  
There's a place I've been  
Behind those oaks  
A powerful secret lies  
Magical is the atmosphere  
Enveloping every thing  
The path leads to a clearing,  
Forgotten by the time

Now we are in the place  
I've dreamt many times  
All is exactly  
As it was supposed to be  
Strange creatures are taking part  
In a primordial rite  
Nothing can stop us,  
The Children of the Night

Take a chance  
To join this dance  
All that "is" will be revealed  
Release your mind  
And goblins, goblins all around!  
Can't you see?  
Everything is more clear  
To me and to you  
But don't forget  
(We've) goblins, goblins all around

And we dance  
In this endless carousel  
Can't you feel the mystic  
Power rising from the ground?  
No more bad thoughts  
We can leave the world behind  
Just keep in mind  
(We've) goblins, goblins all around  
Goblins all around!

Our most amazing dreams  
Are living through this place  
We dance into the fire,  
Leaving our world behind...

We've touched the power,  
A vision of forbidden  
These funny creatures  
Are (our) blood brothers,  
Leaving the foolish  
Far from us... far from us!

Take a chance...
