

I Did It

Spica

Where my girls at?
Okay, Stop! I'll tell ya 'bout it
It's been way too long since I been
Out for a night with my girl friends
Been a hard day's work So let's go
We gonna celebrate tonight Oh Hey hey

Got my outfit tight, I'm lookin' right
Diamonds on deck, and my shoes right
It feels so good, and uncivilized
Raise my glass tonight

Driving in a car,
With the windows rolled down, just ridin' with my crew
Gonna take us far,
Turn it up all night, no we don't need us no dudes

I go out, all night, 'cause I like it a lot (I Did It)
Then I spend my day, doin' just what I want (I Did It)
Always get my way, 'cause I like it a lot
Choose how I live my life, if you like it or not

I Did It, I Did It, Yes, I Did It, I set myself free
Oh Baby, I Did It, Yes, I Did It, I did it for me
No no, I don't care what you want me to be
Oh Baby, I Did It, Yes, I Did It, I did it for me, Oh~

Every woman 'round the world, hear me
Throw your hands in the air if you feel me
Stand tall, real strong, so let's go
Show my best tonight

Driving in a car,
With the windows rolled down, just ridin' with my crew
Gonna take us far,
Turn it up all night, no we don't need us no dudes

I go out, all night, 'cause I like it a lot (I Did It)
Then I spend my day, doin' just what I want (I Did It)
Always get my way, 'cause I like it a lot
Choose how I live my life, if you like it or not

I Did It, I Did It, Yes, I Did It, I set myself free
Oh Baby, I Did It, Yes, I Did It, I did it for me
No no, I don't care what you want me to be
Oh Baby, I Did It, Yes, I Did It, I did it for me, Oh~

SPICA, SPICA, We blowin' up your speaker
We run the town like the boys need some
You watch my legs, You watch my rear
Whatcha lookin' at? My eyes are up here!

Oh baby, oh baby,
Take it down to the floor, baby, Floor, baby
Won't you tell me what you want, baby, Want, baby
Maybe later we can go~

I go out, all night, 'cause I like it a lot (I Did It)
Then I spend my day, doin' just what I want (I Did It)
Always get my way, 'cause I like it a lot
Choose how I live my life, if you like it or not

I Did It, I Did It, Yes, I Did It, I set myself free
Oh Baby, I Did It, Yes, I Did It, I did it for me
No no, I don't care what you want me to be
Oh Baby, I Did It, Yes, I Did It, I did it for me, Oh~
