Hit the freeway in a 850 goin' about a hundred and forty, sporty  
Niggas slowin' down as if they know me  
Owe me a Chronic session but I keep on mobbin' I got my own  
Fiendin' goin' to the zone, rollin' up I see a Vega loan  
Watchin' out for the po-po cause the gangsta braise alert the coppers  
Smokin' under them choppers O.G.'s see me and give me propers  
They say what up to the Easy Bay Gangsta each and every time  
As I took my hat and light my Chronic up in the sunshine  
I gets my mobb on just like all you other players  
Lookin' out for dead Presidents who want that green paper  
Put out my doobie as I mobb up off the freeway  
I'm goin' side-a-ways, this way, that-a-way  
I see my partners up in the alley fightin' they pit bulls  
High performance, old schools, with fat dulls  
Catch me cussin' at the cluckers on the street  
Tryin' to stop myself from pullin' out my heat, I'm mobbin' today

Po-po passin' me up, lookin' all inside my car  
It's full of smoke, rollin' down my window, they see me choke  
And spit a loogie out on the street because I'm hella high  
Rollin around, maddoggin with some Red Eye  
Talkin' slow and show them about which way to go  
Just hittin' corners, tryin' to find myself a liquor store  
Hustlers slangin on the stow-front tryin' to make some ends  
I'm gettin' deals on blunts from the Iranians  
They know my face cause I comin' up at them every day  
For some Hennessy and lemon squeeze a Alazay  
Then I'm back on the streets drivin' through the track  
See fools fresh out the Penn, killers from way back  
Hoppin' out the hooptie chop it up with real ass O.G. homies  
Jerk players only, cause ain't no time for fakes or phonies  
Come catch a glimpse of a real player up in the Bay  
Gotta get my pay okay, I'm mobbin' today

Runnin' with a five hundred know what I'm sayin'?  
Eight hundred and fifty, guard be, know I'm sayin', somethin proper,  
Somethin' fly, say knowwhatI'msayin?  
Get your mobb on you know, you know what I'm sayin?  
Or you can sweat these busters with their mean muggin',  
Player hatin' you know what I'm sayin'?  
That's all they is, get your mobb on man,  
Cause I'm gonna get mine on you know what I'm sayin'?
