Mama used to tell me friends not good for you girl
But I know I would learn the hard way
Smile inna yuh face, them a chat behind yuh back
Gwan like them a sheep but them a wolf inna pack
No make them build yuh weed with lizard tail and give yuh crack
If walls could a talk to you trust me you would a shock
Say them love you, don't fall for that
Man to man so unjust member that
Bob Marley done did sing that all around the world
Friends will sell you out fi two shillings and pearls
Mama used to tell me friends not good for you girl
But I know I would learn the hard way (bun a fake friend)
Mama used to beg me stay away from them girls
But I know I would face it anyway (a hypocrite dem)

You f*ck fi see a who would a pull di trigger
Live your life, everybody yah fi pree
Watch your friends more than your enemy

It no matter what they come and say
They don't wanna see you on your way

Under the ground, but a prayer a day
Mama used to tell me friends not good for you girl
But I know I would learn the hard way (bun a fake friend)
Mama used to beg me stay away from them girls
