

Mirror

Spice

Mirror, mirror on the wall
Who's the prettiest of them all
Black is beautiful, that's facts
Black sensation, from the black nation
Black generation, admiration
I am a proud a representation
No bleaching, no alteration
Looking in the mirror on my reflection
Beautification yeah black creation
Black redemption, pretty complexion
I'm beautiful, black perfection

Oh oh
They just act they don't know
Beauty is all over me and my melanin glow
Oh oh oohhh oh oh oh oh

When I look in the mirror
All I see all I see
A black hero
Black royalty looking back at me
When I look in the mirror
All I see, all I see
A black hero
Black royalty looking back at me

Don't need approval of liking
Comfortable in my skin
Sweet like them dip mi inna honey
Pretty dark skin mi love mi melanin
I am courageous, I am gorgeous
Beautiful I'm so precious
Still I'm cautious for taught us
My confidence is enormous

Oh oh
They just act they don't know
Beauty is all over me and my melanin glow
Oh oh oohhh oh oh oh oh

When I look in the mirror
All I see, all I see
A black hero
Black royalty looking back at me
When I look in the mirror
All I see, all I see
A black hero
Black royalty looking back at me

I got imperfections and flaws
Skin ain't smooth I got scars
They use to say I'm black like tar
But look at me now I'm a shining star
I got stretch marks and things like that
Cellulite and my belly no flat
I got thick hair and I know my nose fat
But I love myself just the way like that

Oh oh
They just act they don't know
Beauty is all over me and my melanin glow
Oh oh oohhh oh oh oh oh

When I look in the mirror
All I see all I see
A black hero
Black royalty looking back at me
When I look in the mirror
All I see, all I see
A black hero
Black royalty looking back at me

Oh oh
They just act they don't know
Beauty is all over me and my melanin glow
Oh oh oohhh oh oh oh oh
