Spice

One bitten, twice shy  
I don't make mistake, twice (yeah)

Dem neva know your worth  
Until it's late and you're gone  
Never put you first  
They wanna take all your love  
But if you fall I'll catch you, I won't let you down  
I just wanna kiss your hands and walk you home

'Cause I wanna be on your mind  
Giving you reasons to smile  
Wanna be on your mind  
Your mind, your mind  
I wanna be on your mind  
Giving you reasons to smile  
Wanna be on your mind  
Your mind, your mind

Tell me somethin' nobody nuh tell me yet  
All di heaven weh me give weh, ah just Hell me get  
So me look inna di mirror and me tell mi self
