Who's gonna create a metal detector
So you look pon people and find di hater
Perpetrator and di manipulator
Hawk dem from di incubator

Becah di same mouth weh say dem love you now
Will turn around and hate you somehow
Di same mouth weh did a cheer fi you
Will turn around and be a racketeer for you
Di same you feed at yuh table
Will do you what Cain do to Abel
Di same mouth weh say you fi disable
Sometime me wish dem mouth did have a label

Dem a wish fi me fall out, keep going all out
Di same mouth, watch out for the same mouth
Do anything for clout
