

# I Gotta Know

Spiderbait

I gotta know  
Tell me now  
I don't get it  
I wanna know

Walking down the street from my pad  
I'm safe and sound in my head  
Keeping up a smile full of dread  
Everyone around me is dead

I gotta know  
Tell me now  
I don't get it  
I wanna know

Never thought I'd see what I saw  
People screaming something at the door  
I can hear it all breaking down  
Don't you even make a sound

Yeeeeaaaaahhhhhh!
