

# Anybody Else

**spill tab**

I like you, don't like anybody else  
I crave you, I will keep you to myself

You got me hopelessly involved in something (Involved in something)

Pinning myself on floorboards  
Hoping I won't say it, but

I like you, don't like anybody else (Oh-oh, oh-oh)  
I crave you, I will keep you to myself (Oh-oh, oh-oh)  
I know I could keep you guessing  
But I know you want it  
I, don't want to share you with anybody else (Anybody else, anybody else)

'Cause I'm a sucker for the dangerous game  
And I don't wanna be your babe  
Then your favorite goodbye, 'cause I-I-I

I like you, don't like anybody else  
And I crave you, I will keep you to myself  
I know I could keep you guessing  
But I know you want it  
I, don't want to share you with anybody else (Anybody else, anybody else)
