

## Doesn't That Scare You?

**spill tab**

You'd wait a million years  
I'd stay, stay with you here  
Unturned stones, unrehearsed  
I'd cave if you did first

Killing myself for a chance to read your mind  
Honey, you hold my breath with dirty lines  
What if I fall so deep, get left behind?  
Don't wanna feel that small and that unwise

Doesn't that, doesn't that  
Doesn't that scare you?  
Doesn't that, doesn't that  
Doesn't that scare you?  
Doesn't that, doesn't that  
Doesn't that scare you?  
Doesn't that, doesn't that  
Doesn't that scare you?
