

# LAUREN

**spill tab**

It's not brave to be wanted  
Like we talked about long ago  
How long?  
Then you changed  
Sit inside of my mouth  
Love me empty like liminal space

Lauren won't you call?  
Lauren won't you call me?  
Call me or not at all, but tell me something (tell me)  
'Cause Lauren I stalk, Lauren I stalk you Franklin Avenue  
If it meant that you gave a shit, I hope you do

We're sideways  
From the things that we planned out  
Now the years have worn us out  
We're all the same  
Watch the city fly by  
It's an avalanche of millennial waste

Lauren won't you call?  
Lauren won't you call me?  
Call me or not at all, but tell me something (tell me)  
'Cause Lauren I stalk, Lauren I stalk you Franklin Avenue  
If it meant that you gave a shit, I hope you do
