

Don't you realize that it has to be
Why did you do this, consolidate my fear
Face down Save face
Growing out of my face, what it represents I need
Why did you do this, consolidate my fears
It's all inside of me
It's depraved
Grows inside of me
And it suffocates
Don't wish...it won't help
Face down Save face
It's all inside of me
It's depraved
Grows inside of me
And it suffocates
Face down Save face
