

Graveside Invocation

Spirit Adrift

Forged in hate, no escape
Fate of those that made me
Dismal verses disobeyed
Betrayal in eternity

It is the same, burning in my veins
Consumed by visions, premonitions or insane
Beyond pain, rage past explanation
Possessed by violence, graveside invocation

Senses stolen, torn from earth
Death, rebirth, ascension
Void of all that doesn't hurt
Tearing through dimensions

We are the same
Fire inside our veins
Never will obey
Rise again
Hardened by the pain
Accept the blame
