

## Come Back Oscar

### Spirit of the West

Walking off the stage to the gates and off the page  
I'd be shot out of breath, out of everything

Come back Oscar, don't stay at home.  
Come back Oscar, to the microphone.

Speed freak, sexy beast, latin lover, crazy mother where you be  
en.

You with the wide mouth, white teeth, dark hair, dark eyes and  
no scene

Smooth toughed, sun dipped, full lipped broken brother where'd  
you go

There's a hole in my summer 'cause she went and stole your show  
.

Come back Oscar, don't stay at home.  
Come back Oscar, to the microphone.

Runaway from Pinochet, Santiago cabbie where you at.

We've been waiting Oscarito, mi compadre, when you snapping bac  
k.

You put out Armando's fire turned around and left it on the she  
lf.

Now the embers are all ashes, you've been burned by something e  
lse.

Come back Oscar, don't stay at home.  
Come back Oscar, to the microphone.  
Come back Oscar, this is your home.

Walking off the stage to the gates and off the page  
I'd be shot out of breath, out of everything  
Out of everything you left  
Everything you left  
Out of everything you left  
Everything you left

Come back Oscar, don't stay at home.  
Come back Oscar, to the microphone.  
Come back Oscar, don't stay at home.  
Come back Oscar, to the microphone.  
Come back Oscar, this is your home.
