

## Mechanical World

Spirit

Death falls so heavy on my soul  
Death falls so heavy, makes me moan  
Somebody tell my father that I died  
Somebody tell my mother that I cried

Death falls so heavy on my soul  
Death falls so heavy, makes me moan  
Somebody tell my father that I died  
Somebody tell my mother that I cried

Once in my younger days  
Once in my younger days I had a girl to love

Death falls so heavy on my soul  
Death falls so heavy, makes me moan  
Somebody tell my father that I died  
Somebody tell my mother that I cried

Once in my younger days  
Once in my younger days I had a girl to love
