

Straight Arrow

Spirit

See him riding across the plain
She how everybody fears his name
He's working for the good in
The mountains and the woods
Protector of the lame
Staght Arrow is his name

Hear him give his mighty call
Staght and narrow for one and all
Working for the right
In the day and night
Friend of the insane
Straight Arrow is his name

You got to watch out where you go
And watch out who you know
Watch out what you do
Because Straight Arrow watches you

Hear him give his mighty call
Straight and narrow for one and all
Fighting for the good in
The mountains and the woods
Protector of the lame
Staght Arrow is his name

And you gotta watch out where you go
And watch out who you know
Please! Watch out what you do
Because Straight Arrow watches you
