

## Wonderful World

Spiritual Beggars

Cloudless sky is in my eyes  
The sun has come out for air  
My dog is sitting by my side  
Watching me getting high

What a wonderful world  
Looking with inner eyes  
What a wonderful world  
Nothing ever dies

Can you feel the taste of life  
Or are you blinded by the clowns?  
Shake the water and feed the sun  
Oil the universal joint

What a wonderful world  
Looking with inner eyes  
What a wonderful world  
Nothing ever dies
