

The Demon Storm

SpiritWorld

On terrible cold nights like this
Gets dark enough to feel the death of the Gods
Unanswered prayers forever adrift
Forever adrift
Forever adrift
Evil seeps under the Devil's Moon
Into the heart of man
A new light from Hell
No chance for salvation
In this dying world
This dying world
This dying world
The kingdom of God put to the torch
The final war in Heaven
The Demon Storm
The Human plague
Put to the blade
