

# Curtain Call

Spitalfield

If these words do not reach you  
Back playing games like we used to  
This is the last time I lose it  
All just for somebody else

(How do you love somebody more?)  
How do you love somebody more?  
How do you love somebody, love somebody  
How do you love somebody more?

I feel useless, I feel tired  
I feel aged and uninspired  
This is a curtain call for us all  
Then you call my name  
At the changing of the guard  
This is a curtain call for us all

Sign up, on all these feelings  
Don't stare up at old ceilings  
Move right past this and say  
"We knew ourselves all too well"

(How do you love somebody more?)  
How do you love somebody more?  
How do you love somebody, love somebody  
How do you love somebody more?

I feel useless, I feel tired  
I feel aged and uninspired  
This is a curtain call for us all  
Then you call my name  
At the changing of the guard  
This is a curtain call for us all

I understand  
Why it is we can't be friends  
Turning back the clock won't work, we'll never make it  
I understand  
Why it is we can't be friends  
Or turn back the clock

Don't listen to them  
Don't listen to them  
When we're all on trial (don't listen to them)  
And we're all on trial (don't listen, don't listen)  
Don't listen to them  
Don't listen to them  
When we're all on trial  
And we're all on trial

How do you love somebody more?  
How do you love somebody, love somebody  
How do you love somebody more?
