

## Digging Pt. 1

Spite

This is what you call a life?  
Making sure that nothing is right  
You fucking wretch  
You fucking plague  
Why did you do this to me?  
Does it make you feel strong?  
Do you feel like you belong?

You motherfucker  
You fucking did this to me

And now I'm lost at sea  
I'm not supposed to be  
You fucking did this to me  
Bring out the Devil in me  
Walk home close the blinds shut the fucking door  
Motherfucker I can't take this shit no fucking more  
Give me more [4x]  
I can't feel a thing anymore

My vision shakes  
I grit my teeth  
What's it like underneath?

Pull up my shirt  
Stare at my skin  
This should be easy  
The flesh so thin

Ripping and tearing  
Deeper and deeper [2x]  
Harder and harder [2x]  
Take me to Hell [2x]

Deep in my veins  
This will be painful  
I want to die here  
I want to die here and take you down to Hell with me

I'm fucking digging [4x]

Take me to Hell  
Soaking in blood  
Take me to Hell  
I'm digging [2x]
