

Digging Pt. 2

Spite

Motherfucker!

I'm going to come for you

You think you can run from me?

You think you're safe from me?

No one can save you from me

I am the angel of death

I've come to take what's mine

I've come to take your final breath

Bloodthirst

I'll stand over your bed while you are asleep

The end is never well when hate runs this deep

The wolf is ready to taste the blood of the sheep

You have a price to pay and the price is the cheap

I'm going to take you tonight

Watch your flesh turn to white

SPITE

I can't wait to taste all of your blood

Break open your skull

I can't wait to tear apart your heart

And steal your soul

The shadow in the black

Creak in your floor

Watch your back

I'm at your door

How does it feel to have no hope?

How does it feel to know you'll die alone?

I'll make sure that you never rest

So I can fix this fucking hole in my chest

You'll never rest

You'll never get your fucking peace

For what you did

For the torment you caused me

I dug a hole for you, I will watch you fucking burn

Watch you die

Fuck you!

Who knew that through death I would find life

And dying was the only way to feel alive
