## Spite

Spite cult motherfucker!

I've made plans for the end (this is the end)  
I'm cutting all my ties (I am the end)  
Feel all hearts collapse in my own hands  
I am the earths demise  
Motherfucker  
Everybody wants something from me  
No respect they just take everything  
I want to squeeze their eyes out  
I want to squeeze their eyes out  
Fuck  
Stay fucking angry  
Misery  
Misery  
Get the fuck away from me  
Act on impulse  
Pissed off and violent I'm taking this out on you  
Push my thumbs deep into your eyes  
I can feel your brains (I'm not insane)  
Oozing in my hands (I'm not insane)  
I want to eat your brains (I'm not insane)  
I WANT TO BREAK YOUR FUCKING FACE  
And now I sit here with a mans whole life buried under my finger nail  
And now I sit here picking his memories from between my teeth  
And there's nothing wrong with me  
There's nothing
