

Leeches

Spite

You can't be someone you're not
Living a broke life through a broken screen
Trying so fucking hard
Slither you fucking snake
Handed a gem you turned into slime
Believing your own lies
If life doesn't break you soon I will
Whine and complain
Shut your fucking mouth
Consume and blame
Expire motherfucker
No one to back you up
No one to give a fuck
Cower like a rat when you take and take and can't pay the fuck
up
The stupid whore, she's all you have
She fucks behind your back
Spineless
Stand straight without a back
Why don't you go die like the frog looking fuck you are and cro
ak
Welcome to the real world
Grow the fuck up
Leeches
Leeches
Stay in the fucking distance you spineless bitch
Stay in the fucking distance worth fucking shit
Your life will fall apart
Everything will break
This is spite
This is hate
