

Misery

Spite

Close the blinds
Close the blinds
Fucking shut the door
Motherfucker I can't take this shit no fucking more
Lost my faith
Lost my way
I entered hell today
The only place I feel at home so fuck it

I think I'll stay here
I think I'll disappear
Stick a nail through your head so you can't fucking hear
Spilling out my veins
Bashed in your fucking brains
Both lost our heads but only one of us was teasing

Wait a minute
Wait a second
I'm not fucking done
I'm making cuts
I'm poking holes
I'm pulling out your fucking guts
Hello, hello? Are you there? Wake the fuck up
Look in my eyes
Feel the hate before you fucking rot

Misery
Misery
Stay away
Misery Misery
Get the fuck away
Misery
Misery
Run away
Misery misery
Stay the fuck away
Misery
Misery
Stay away
Misery misery
Get the fuck away
Today's the insanity took over me
Today's the day that misery got the best of me

I lost all my friends and my family
I lost the only one I love
Shunned by the light
Accepted my the dark
Before I go I'll leave my mark

Negative head
Negative soul
Raging heart
Ruined by you
Vengeful heart

Dead dead dead

All of my hopes
Dead dead dead
All of my love
Dead dead dead
All that I hate
Dead dead dead

Fuck

Fuck you
Fuck me
Fuck all of you
