

Night Terrors

Spite

3 A.M.

You're not supposed to be here
This isn't the me you know
The hole you couldn't fill
The beast you couldn't tame
A room full of death but I feel so alive

Take it in [2x]
The room gets smaller for every tick of the clock
You can hear your organs throb
The silence cuts deep as your eyes begin to peel at the sight of me pushing
a blade into the guts of a man

His dying breath
He looks at you
You're covered in your own puke adding to the filth of the room
Searching for an escape
You're already too late
I never wanted this for us but fuck you've seen too much

I've fought too long to keep the spiders quiet in my brain
If it weren't for your disrespect you wouldn't know I'm insane
A picture perfect world only exists in your dreams
I did my best to keep you safe I love you still but fuck it all
You fucking ruined this it's all your fault
If you weren't such a nosey bitch this wouldn't be happening at all
I guess I'm better off alone and that's alright with me
If you have to die tonight then that's alright with me

Every person has someone out there that they want dead
The urge to fight the urge to kill we just don't act on it
You spineless cowards you are all fucking guilty at mind
It's fucking on motherfuckers so who's next in line?

Run

You fucking cowards
Fucking run
I'm gonna pick you off one by one [2x]
So run

Run as fast as you can
I will not stop until I cut the throat of every man
I want everyone dead [2x]
I will not stop until I claim the life of every fucking man
So run
Run [3x]

A perfect world only exists in your dreams
I sit and wait [2x]
A perfect world only exists in your dreams
I sit and rot [2x]
I sit and wait
I sit and rot
I waste away
