

PLEDGE

Spite

Rag doll
I'm a glutton for your punishment
Cattle prod to my skin for entertainment
Mouth sewn shut
Mangle the mannequin
Worms digging into dirt
Devouring your sin

Heaven sent
Innocent
Till anger shows its head

Burden eternal
Made to crawl in the walls of your shadow
Burden eternal
Feed the earth and the lord that you serve

Bend the knee
I pray for the heart of a sadist
Born to be
Forced into the hole that you've opened

Innocent
"Till anger shows its head

Why don't you fucking get it?"

Nature takes what it wants
So I'll walk the line
Bend the knee one more time
Motherfucker

Worms devour your sin
Forced in the hole you've opened

The final breath fights its way to the surface
No redemption for the heart of a sadist

Heart of a sadist
Heart of a sadist
Heart of a sadist
Heart of a sadist

Put your head on a stake in the ground
Now feed the earth and the lord that you serve
