

## Suffer

## Spite

I woke up today,  
After a blurry night.  
A never ending fight,  
And I saw you.  
But you weren't there,  
You weren't there!

And I've failed again.  
I got lost,  
In Black,  
And cycle,  
An eternity.

Flooded,  
Drought,  
With emptiness.  
You weren't there.

I exist,  
Without color.  
I wander,  
Without faith.  
You're gone,  
And so am I.

Heavy, heavy.  
I put it down.  
It's empty,  
And so am I.  
Lower, lower.

Hope, into Hate.  
Sadness, into Hate.  
Love, into Hate.  
Hate, into Insanity.  
Insanity, into Spite.

Spite!

I woke up today,  
With a hole in my fucking chest!  
I will try,  
I will try,  
And if I fail,  
Fail once a fucking again,  
It will be,  
Just like me,  
Just like me.

Suffer,  
Just like me.  
Yeah,  
Suffer.  
Yeah,  
Suffer.

Suffer!

Spite!
