

## bored. Tired. Torn.

### Split Chain

I'm bored  
You're tired  
I'm torn

Another day in vain  
Complete with your disdain  
I'll runaway, runaway, to hide my shame  
Better days, better days, seem far away  
And now they all seem grey

I'm bored  
You're tired  
I'm torn

I'm bored  
You're tired  
I'm torn

How do you believe  
All those lies you weave  
You walk away, walk away, to play deceit  
In over it, over it and I'm incomplete  
What a way, what a way, to live these days  
Another day, another day to tell you that

I'm bored  
You're tired  
I'm torn

I'm bored  
You're tired  
I'm torn

You say the way I'd drown that I deserve

I'm bored  
You're tired  
I'm torn

Just stay away, stay away  
In all my dreams  
I'll stay away, I'll stay away

I'm bored  
You're tired  
I'm torn

I'm bored  
You're tired  
I'm torn

You say the way I'd drown that I deserve

I'm bored  
You're tired  
I'm torn
