

Headway

Split Chain

Let me inside your head
You sit and play pretend
That all the world will fall in place, but

You drag your feet but fall in
Headway, headway
Lost in a haze
Far away, don't hesitate

You pull the plug and delay
Anyway, anyway
Lost in a haze
Far away, don't hesitate

You see the waves
The waves, they don't wait
They're carrying your fate
And soon you'll slip away and drown

Is it fear?
Or is it pride
You're hiding deep inside?
Stop playing it off
What are you still waiting for?

You drag your feet but fall in
Headway, headway
Lost in a haze
Far away, don't hesitate

You pull the plug and delay
Anyway, anyway
Lost in a haze
Far away, don't hesitate

Far away
I'm far away
I tried to say, don't fade away

You drag your feet but fall in
Headway, headway
Lost in a haze
Far away, don't hesitate

You pull the plug and delay
Anyway, anyway
Lost in a haze
Far away, don't hesitate

But you hesitate
